Dear Sir

The City of Sydney is considering installing the following new light source in our public domain lighting network with the aim of reducing energy use and greenhouse emissions.

- ORANGETEK - VOYAGER 12, 18, 24 and 30 LEDs
- ORANGETEK - TERRALED MINI 12, 18, 24 and 30 LEDs

To introduce these luminaires into the public street light network in NSW, the device load for luminaires fitted with the above light source must be included in the AEMO load tables. Please confirm that you will move to initiate the inclusion of these luminaires in the load table and advise when it has been published in the AEMO load table.

Yours Sincerely,

A handwritten signature in dark ink, appearing to read 'Paul Gowans', is written over a light blue horizontal line.

Paul Gowans
Principal Engineer
