

Subscribing to new Gas Data Model files

This topic explains how to subscribe to new Gas Data Model files after you have upgraded your Data Interchange environment.

To subscribe to new files:

1. Access Data Subscription, for help, see [Access Data Subscription on page 1](#).
2. Click **Subscribe to Files**. For help, see [Figure 1 on page 1](#).
3. Select **Filter by Package**.
4. In the **Collection** drop-down list, select the new **Gas Data Model** version.
5. In the **Package** drop-down list, select the Gas Data Model package.
6. In the grid, do one of the following:
 - a. Select **Data Model** to select all Data Model files you are not subscribed to.
 - b. Select each file individually.
7. If you want to see more detail about the files, including the Data Model file identifier, click **View Detail**. For more information about the detail displayed, see [Table 1 on page 1](#).
8. Click **Subscribe** to have the files delivered to your participant folder on the Participant File Share.

AEMO recommends subscribing to all available Data Model files and making them active or inactive in your DBMS. If at a later time you decide you need these files, you can active them and all historical files will download automatically. Subscribing later will provide you the current files but not the history.

6 <input checked="" type="checkbox"/>	Data Model	Identifier	Status	Description	Type
<input checked="" type="checkbox"/>	Yes	GSH_BENCHMARK_PRICE	Assignable	(DM:GSH) GSH Benchmark Price - Firm	Csv
<input checked="" type="checkbox"/>	Yes	GSH_BENCHMARK_PRICE	Assignable	(DM:GSH) GSH Benchmark Price - Non Firm	Csv
<input checked="" type="checkbox"/>	Yes	GSH_DELIVERY_NETT_PRE	Assignable	(DM:GSH) Gas Supply Hub History table of Delivery Netting Preferences entered through the web site	Csv
<input checked="" type="checkbox"/>	Yes	GSH_PRUDENTIAL_EXPOS	Assignable	(DM:GSH) Gas Supply Hub Prudential Exposure Report	Csv
<input checked="" type="checkbox"/>	Yes	GSH_SECDEPOSIT_INTERE	Assignable	(DM:GSH) The security deposit interest rate on a daily basis.	Csv

Table 1 Explanation of Subscribe to files grid

Column Name	Description
<input checked="" type="checkbox"/>	This check box shows which items are selected. By default, no items are selected on the Subscribe to Files list. <ul style="list-style-type: none"> To select an item, click the check box beside the filename. Clicking the check box in the header row selects all files.
Data Model	This column indicates whether or not the file is supported by the Data Model. <ul style="list-style-type: none"> Yes = the data supplied in this file can be stored in a database created from an Data Model script. No = the data provided in this file is not compatible with a database created from an Data Model script.
Identifier	The Identifier indicates the source of the data published in this file. Files replaced by a new version are renamed by adding _LEGACY to the end of the previous name, for example: <div style="border: 1px solid gray; padding: 2px; width: fit-content; margin: 5px 0;">BIDMOVE_COMPLETE_LEGACY</div> <p>Note: This name is not the same as the Data Model Identifier name. you can see the Data Model Identifier by clicking the View Details option or looking at the Description field.</p>
Status	Indicates the status of the file. The options are: <ul style="list-style-type: none"> Assignable: means this is a current version file.

Column Name	Description
	<p>Deprecated: means this is a legacy file that was current for a previous release. It disappears from the list when the file is next updated.</p> <p>Visible: means this file is available for subscription but the subscription cannot be managed in Data Subscription. Contact AEMO's Support Hub to request the file.</p>
Description	<p>Provides a description of the file contents. The description is updated if a file becomes a legacy version.</p> <p>In this column, a Data Model file is preceded with DM. For example, in Table 1 on page 1, the (DM: GSH) at the start of the Description field indicates it is a Data Model file.</p>
Type	<p>Indicates the file type.</p> <p>At present, all files are Comma-Separated Values (CSV).</p>
