

NOTICE OF DETERMINATION

Notice to all Registered Participants (Participants) under the National Gas Rules (NGR)

This notice advises all Participants and other interested stakeholders on AEMO's decision to amend the:

BB Procedures and BB Data submission procedures

in accordance with Rule 135EE of the NGR. AEMO notifies Participants that version 10.0 of the BB Procedures and version 3.0 of the BB Data Submission Procedures will be effective from 1 March 2019.

Consultation on changes to the BB Procedures and BB Data Submission Procedures (collectively, the Procedures), prescribed in rule 135EE, concluded on 7 February 2019.

The decision to make the Procedures takes into account the assessment provided in the Impact and Implementation Report (IIR) *IIR 18-003 Amendments to the BB Procedures and BB Data Submission Procedures arising from the implementation of the pipeline capacity trading reform package (2)*, and comments received on the proposed changes.

The changes to the Procedures are summarised as follows:

- Removal of the section pertaining to secondary trade data for BB Pipelines, with the removal of Rule 174.
- Clarification to the reporting requirements for BB Capacity Transactions, as required by Rule 190C.
- Details regarding reporting of Auction Curtailment Information, as required by Rule 190A.
- Details regarding reporting of Daily Auction Service Curtailment Information, as required by Rule 190B.

AEMO did not receive any submissions in response to the IIR commenting on the changes. The changes made in the Procedures are the same as those proposed in the IIR.

AEMO considers that the changes meet the requirements of the National Gas Objective by giving effect to the transparency measures that will facilitate trade through the pipeline capacity trading reform package.

The IIR is available on the AEMO website at: [http://aemo.com.au/Stakeholder-Consultation/Consultations/BB-Procedures---PCT-\(2\)?Convenor=AEMO%20Gas](http://aemo.com.au/Stakeholder-Consultation/Consultations/BB-Procedures---PCT-(2)?Convenor=AEMO%20Gas)
