

Notice of a new Custody Transfer Point commencing operations at the Sydney Hub – Hexham Receipt Point

This Notice is to advise that AGL intends to commence operating the Newcastle Gas Storage Facility on 15 June 2015.

In accordance with clause 2.2(f) of the STTM Procedures, the Hexham Receipt Point described as custody transfer point 6 will become an operational custody transfer point at the Sydney hub under Part 20 of the National Gas Rules from the beginning of the gas day commencing on 15 June 2015.

The STTM facility operator for the Newcastle Gas Storage Facility and Trading Participants using the Hexham Receipt Point must make submissions and provide information required for each gas day from 15 June 2015, by the times and in the manner required under Part 20 of the National Gas Rules.

Notice Date: 26 May 2015
