

Objection Code Review

This document is structured such that each objection code is described at the top of a block of rows, with the change requests for which that objection code can be raised following it. The first row of the table provides headings for the change request rows and repeats at the top of each page.

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|---|--|---|------------------------|---|-----------------|---|
| 1 | Objection Code: BADDATA | | | OBJ Count (Monthly Avg June 14 to Dec 15): 8.8 | | |
| 2 | <p>Description <i>Incorrect standing data for this NMI.</i> <i>For use by a party to indicate that the standing data for this NMI is incorrect (either on the change request or on the master record).</i> <i>This code should be used to register an objection for any incorrect data excluding the current role. If the participant nominated in the current role is incorrect, then they should use the NOTRESP objection code.</i></p> | | | | | |
| 3 | <p>AEMO Comment When the roles have the responsibility for updating NMI standing data, why would they object?</p> | | | | | |
| 4 | CR 3081 – Advanced Change Metering Installation Details – Retrospective – SMALL or LARGE | A current RP who is also the LNSP may initiate this change request to change and create metering installation records in MSATS | New MDP Current MDP | 1 | 20 | AEMO - This CR supports the installation of VIC AMI devices. No longer relevant in current context – could be repurposed as an option for the MC. With MC replacing RP it would be raising an objection to its own actions (via service providers). |
| 5 | CR 3091 – Advanced Exchange of Metering – Retrospective – SMALL or LARGE | A current RP who is also the LNSP may initiate this change request to change and create metering installation records in MSATS The change shall include the removal of at least one existing meter and the installation of at least one new meter. | New MDP Current MDP | 1 | 20 | AEMO - This CR supports the installation of VIC AMI devices. No longer relevant in current context – could be repurposed as an option for the MC. With MC replacing RP it would be raising an objection to its own actions (via service providers). |
| 6 | CR [6100 6110] – Change role – change LNSP – SMALL or LARGE | A new LNSP may initiate this change request to change a LNSP in MSATS | Current LNSP | 5 | 20 | AEMO - Recommend no change. This does not affect metering arrangements, or retail transfers |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|--|---|-----------------|---|
| 7 | CR [6210] – Change role – Change MDP – Retro - SMALL or LARGE | The current FRMP or RP may initiate this change request to change a MDP in MSATS | New MDP and Current MDP for small NMIs only in VIC, QLD, SA, and for large NMIs in all jurisdictions | 5 | 20 | AEMO - This CR may be consolidated for efficiency in MC operation (e.g. allow MC to submit 6800). Should the MDPs be able to object for BADDATA in any scenario? |
| 8 | CR [6801] – Change role – Change multiple roles – Retro - SMALL or LARGE | A current FRMP may initiate a change request to change the RP, MDP, MPB and MPC in MSATS | New MDP Current MDP | 5 | 20 | AEMO - Should the parties listed be able to object for BADDATA in any scenario? Identification of BADDATA requires notification, however, should it be managed through this CR process? |
| 9 | Objection Code: BADMETER | | | OBJ Count (Monthly Avg June 14 to Dec 15): 563.2 | | |
| 10 | Description <i>Non-compliant metering</i> <i>The metering equipment for this connection point is not correct, (i.e. correct metering for change to proceed not installed yet)</i> | | | | | |
| 11 | AEMO Comment No longer relevant as churn rules have changed. Cannot be used in future. | | | | | |
| 12 | CR [1000 1010 1020 1030 1040] – Change Retailer – SMALL or LARGE | A new FRMP may initiate this change request to effect a change of retailer | New MDP Current MDP New MPB Current MPB New RP Current LNSP | 5 | 20 | AEMO - An objection to this CR of this nature is no longer relevant due to corrections in meter churn requirements. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|---|--|---|---|---|
| 13 | CR 1029 – Change Retailer - Other Error Corrections (NMI class SMALL only) | This change reason code could be used to correct errors caused by participant process or systems issues; for example, late processing of contractual paperwork by initiating participant. The change request is initiated by new FRMP | Current FRMP Current LNSP | 5 | 20 | AEMO - An objection to this CR of this nature is no longer relevant due to corrections in meter churn requirements. |
| 14 | CR [1050 1051] – Change Retailer where FRMP is not the RP - LARGE | This change reason code can be used where a new FRMP obtains the consent of the consumer to take responsibility for the supply of electricity to that connection point. Initiated by new FRMP | New MDP Current MDP New MPB Current MPB New RP Current LNSP | 5 | 20 | AEMO – FRMP will never be MC. This CR can be removed as no longer relevant. |
| 15 | CR [1080 1081 1082 1083 1084] – Change Retailer – Embedded Networks – Small or large | A new FRMP may initiate a change request to effect a change of retailer, where a new FRMP obtains the consent of the consumer who is connected to an embedded network | Current LR New MDP Current MDP New MPB Current MPB New RP | 3 days in ACT and NSW for large NMI for CR1082 and it is 5 days for all other cases | 10 days in ACT and NSW for large NMI for CR1082 and it is 20 days for all other cases | AEMO – To be assessed based on feedback on non-EN situations. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|---|--|---|---|--|
| 16 | CR [1090 1091] Change Retailer – Embedded Network – where FRMP is not the RP - Large | A new FRMP may initiate a change request to effect a change of retailer, where a new FRMP obtains the consent of the consumer who is connected to an embedded network | Current LR New MDP Current MDP New MPB Current MPB New RP | 3 days in ACT and NSW for large NMI for CR1082 and it is 5 days for all other cases | 10 days in ACT and NSW for large NMI for CR1082 and it is 20 days for all other cases | AEMO – To be assessed based on feedback on non-EN situations. |
| 17 | CR [2500 2501] Create NMI – Create NMI, Metering installation details and MDM datastream – small or large | The new LNSP may initiate this change request to create a NMI, metering installation details and MDM datastream in MSATS A new LR may initiate a change request to create a NMI, metering installation details and MDM datastream for an embedded network in the MSATS | New MDP | Small NMI = 1 day Large NMI = 5 days | Small NMI = 10 days Large NMI = 20 days | AEMO – Do not consider that BADMETER is an appropriate reason for the MDP. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|---|---|---------------------|---|--|---|
| 18 | CR [2520 2521] Create NMI - Create NMI, Metering installation details and MDM datastream for Embedded network | The new LNSP may initiate this change request to create a NMI, metering installation details and MDM datastream in MSATS A new LR may initiate a change request to create a NMI, metering installation details and MDM datastream for an embedded network in the MSATS | New MDP | Small NMI = 1 day Large NMI = 5 days | Small NMI = 10 days Large NMI = 20 days | AEMO – To be assessed based on feedback on non-EN situations. |
| 19 | CR [5050 5051] – Change a NMI – Small or large | A current LNSP may initiate this change request to change a NMI record in MSATS | Current MDP | 0 | 0 | AEMO – Do not see why MDP would object for BADMETER on this CR |
| 20 | CR [6200 6210] Change Role – Change MDP – Small or large | The current FRMP or RP may initiate a change request to change a MDP in the MSATS A current FRMP may initiate a change request to change the RP, MDP, MPB and MPC in MSATS | New MDP | 5 | 20 | AEMO – Why would MDP object in this scenario, when contracted to provide services under the new arrangements. |
| 21 | CR [6800 6801] Change Role – Change multiple roles – small or large | The current FRMP or RP may initiate a change request to change a MDP in the MSATS A current FRMP may initiate a change request to change the RP, MDP, MPB and MPC in MSATS | New MDP | 5 | 20 | AEMO – Why would MDP object in this scenario, when contracted to provide services under the new arrangements. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|----------------------|--|-----------------|---|
| 22 | Objection Code: BADPARTY | | | OBJ Count (Monthly Avg June 14 to Dec 15): 42.4 | | |
| 23 | <p>Description <i>Nominated MDP or MP is incorrect</i> <i>For use by the new RP on retail transfer type transactions where the FRMP has nominated the wrong MDP or MP (i.e. not the one nominated by the RP).</i> <i>Note that the MP referred to here can be MPB or MPC.</i> <i>Or</i> <i>The RP nominated is not the FRMP's choice of RP as per NER 7.2.3, noting any restrictions from Chapter 9 of the Rules</i></p> | | | | | |
| 24 | <p>AEMO Comment Why do we need to retain this objection code?</p> <p>For the current and the new RP/MC – under the new arrangements, they could use this code if incorrectly appointed, or alternatively manage this through a commercial process that the retailer can alter retrospectively if necessary, or update MSATS themselves.</p> | | | | | |
| 25 | CR [1000 1010 1020 1030 1040] Change Retailer – Small or Large NMI | A new FRMP may initiate this change request to effect a change of retailer | New RP Current RP | 5 | 20 | |
| 26 | CR 1029 – Change Retailer - Other Error Corrections (NMI Class SMALL only) | A new FRMP may initiate this change request to effect a change of retailer | New RP Current RP | 5 | 20 | |
| 27 | CR [1050 1051] Change Retailer – FRMP not RP – Large | A new FRMP may initiate this change request to effect a change of retailer | New RP Current RP | 5 | 20 | AEMO – FRMP will never be MC. This CR can be removed as no longer relevant. |
| 28 | CR [1080 1081 1082 1083 1084] – Change Retailer – Embedded Networks – Large or small | A new FRMP may initiate this change request to effect a change of retailer This is the situation where a new FRMP obtains the consent of the consumer who is connected to an embedded network | New RP Current RP | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|----------------------|-------------------------------|---------------------------------|---|
| 29 | CR [1090 1091] - Change Retailer – EMBEDDED NETWORK - where FRMP is not the RP – Large | A new FRMP may initiate this change request to effect a change of retailer This is the situation where a new FRMP obtains the consent of the consumer who is connected to an embedded network | New RP Current RP | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |
| 30 | CR [2000 2001 2003] – Create NMI – Create a NMI – small or large | A new LNSP may initiate this change request to create a NMI record in the MSATS | New RP | 1 5 days for large NMI | 10 20 days for large NMI | |
| 31 | CR [2020 2021] – Create NMI Embedded network (child) – small or large | A new LR may initiate a change request to create a NMI record in MSATS | New RP | 1 5 days for large NMI | 10 20 days for large NMI | AEMO – To be assessed based on feedback on non-EN situations. |
| 32 | CR [2500 2501] – Create NMI, metering installation details and MDM datastream – small or large | the new LNSP may initiate a change request to create a NMI, metering installation details and MDM datastream in MSATS | New RP | 1 5 days for large NMI | 10 20 days for large NMI | |
| 33 | CR [2520 2521] – Create NMI, Metering Installation details, MDM datastream for embedded network (child) – small or large | A new LR may initiate change request to create a NMI, metering installation details and MDM datastream for an embedded network in MSATS | New RP | 1 5 days for large NMI | 10 20 days for large NMI | AEMO – To be assessed based on feedback on non-EN situations. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|--|--|--|---|
| 34 | CR [5001 5021] – Maintain NMI – Backdate a NMI – small or large or embedded network child | AEMO or the LNSP may initiate a change request to backdate a NMI’s start date in MSATS | New RP | 1 day for small NMI 5 days for large NMI | 10 days for small NMI 20 days for large NMI | AEMO – To be assessed based on feedback on non-EN situations. |
| 35 | CR [6300 6301] Change RP – SMALL or LARGE | A new RP may initiate a change request to change the RP in the MSATS | Current RP | 5 | 20 | |
| 36 | CR [6800 6801] Change role – change multiple roles – small or large | A current FRMP may initiate a change request to change the RP, MDP, MPB and MPC in the MSATS | Current RP | 5 | 20 | |
| 37 | Objection Code: DATEBAD | | | OBJ Count (Monthly Avg June 14 to Dec 15): 2463.9 | | |
| 38 | Description <i>This objection code is used where the date of change nominated for a change of retailer does not align with a proposed or actual meter read. This code is usually only used for type 5 or 6 metering installations.</i> <i>This objection can also be used for error correction transactions (CR 102X) by the current FRMP if the proposed date or actual change date on the error correction transaction is not correct</i> | | | | | |
| 39 | AEMO Comment Principle of this objection codes appears sound – review appropriateness of timing. | | | | | |
| 40 | CR [1000 1010 1020 1040] – Change Retailer – small or large NMI | A new FRMP may initiate a change request to effect a change of retailer | New MDP Current MDP Current FRMP Current RP | 5 | 20 | |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|--|----------------|-----------------|---|
| 41 | CR [1021 1022 1023 1024 1025 1026 1027 1028 1029] – Change retailer – error correction | A new FRMP may initiate a change request to effect a change of retailer | New MDP Current MDP Current FRMP Current RP | 5 | 20 | |
| 42 | CR [1050 1051] Change retailer where FRMP is not RP | A new FRMP may initiate a change request to effect a change of retailer | New MDP Current MDP Current FRMP Current RP | 5 | 20 | AEMO – FRMP will never be MC. This CR can be removed as no longer relevant. |
| 43 | CR [1081 1082 1084] Change Retailer – Embedded Networks – large or small | A new FRMP may initiate a change request to effect a change of retailer | New MDP Current MDP Current FRMP Current RP | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |
| 44 | CR 1091 – change retailer – Embedded Network – FRMP not RP | A new FRMP may initiate a change request to effect a change of retailer | New MDP Current MDP Current FRMP Current RP | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |
| 45 | CR [6800 6801] – Change role - Change multiple roles | A current FRMP may initiate a change request to change the RP, MDP, MPB and MPC in MSATS | New MDP Current MDP | 5 | 20 | |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|---|----------------------------------|--|-----------------|---|
| 46 | Objection Code: DEBT | | | OBJ Count (Monthly Avg June 14 to Dec 15): 1450.4 | | |
| 47 | Description <i>Aged debt meeting jurisdictional limit</i> <i>Jurisdictions which have allowed objections on the basis of bad debt will need to ensure that the use of this code will not breach privacy legislation</i> | | | | | |
| 48 | AEMO Comment If the jurisdictional requirements are still valid, then the codes appear reasonable. Review timing. | | | | | |
| 49 | CR [1000 1010 1020] – Change Retailer – small or large NM | A new FRMP may initiate a change request to effect a change of retailer | Current FRMP only in VIC and QLD | 5 | 20 | |
| 50 | CR [1021 1022 1024 1025 1026 1027 1028 1029] – Change Retailer – Error corrections – small NMIs | A new FRMP may initiate a change request to effect a change of retailer | Current FRMP only in VIC and QLD | 5 | 20 | |
| 51 | CR [1050 1051] – Change Retailer FRMP is nor RP | A new FRMP may initiate a change request to effect a change of retailer | Current FRMP only in VIC and QLD | 5 | 20 | AEMO – FRMP will never be MC. This CR can be removed as no longer relevant. |
| 52 | CR [1080 1081 1082] – Change Retailer – Embedded Networks- small or large | A new FRMP may initiate a change request to effect a change of retailer | Current FRMP only in VIC and QLD | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
|----|--|--|---|---|-----------------|---|
| 53 | Objection Code: DECLINED | | | OBJ Count (Monthly Avg June 14 to Dec 15): 198.2 | | |
| 54 | Description <i>Identified party declines to perform service</i> <i>For use by nominated new party to indicate that they decline to act in the role they have been nominated for</i> | | | | | |
| 55 | AEMO Comment Do we need this objection code? The MC is responsible for that, why do we need it? See BADPARTY above – same comments appear to apply in this case. | | | | | |
| 56 | CR [1000 1010 1020 1030 1040] – Change Retailer – Small or large | A new FRMP may initiate a change request to effect a change of retailer | New MDP New RP | 5 | 20 | |
| 57 | CR [1500 1023 1024 1025 1026 1027 1028 1029] – Change Retailer – Error Corrections – small NMIs | A new FRMP may initiate a change request to effect a change of retailer | New MDP New RP | 5 | 20 | |
| 58 | CR [1050 1051] - Change Retailer – FRMP not RP – Large NMI | A new FRMP may initiate a change request to effect a change of retailer | New MDP New RP | 5 | 20 | AEMO – FRMP will never be MC. This CR can be removed as no longer relevant. |
| 59 | CR[1080 1081 1082 1083 1084] – Change Retailer – Embedded Networks – small or large | new FRMP may initiate this change request to effect a change of retailer This is the situation where a new FRMP obtains the consent of the consumer who is connected to an embedded network | New MDP New RP For all but 1081, current RP for only large NMI in NSW | 5 | 20 | AEMO – To be assessed based on feedback on non-EN situations. |

| # | Change Request | CR Details | Objection Code User | Logging Period | Clearing Period | Comment |
