

5 April 2016

Mr Darren Crase  
Sylvania Lighting Australasia Pty. Ltd.  
142-144 Fullarton Road  
Rose Park SA 5067

**Assessment of Street Lights**

Dear Darren

SA Power Networks is actively evaluating energy efficient street lights for Type P and Type V categories for the following:

Sylvania StreetLED 14W

In order for SA Power Networks to consider the StreetLED 14W series luminaries, can you please provide your supporting test reports and any additional testing required necessary for the load table measurement processed by the AEMO.

Once successfully completed and published, please notify SA Power Networks of the results.

If you have any questions, please contact Bogdan Niculescu on (08) 8404 5476 or [bogdan.niculescu@sapowernetworks.com.au](mailto:bogdan.niculescu@sapowernetworks.com.au)

Yours sincerely

Jihad Ali
