**Re: Submission to include the Streetworx "OzLite LED23" decorative "P" category luminaire on the AEMO/NEM Load Tables.**

David,

we take this opportunity to present our submission for the Streetworx "OzLite LED23" decorative "P" category luminaire, to be included in the National Electricity Market Load Tables, in accordance with Clause 14 of the NEM Metrology procedure as defined in Part B.

The following are the details of the decorative luminaire being submitted –

Luminaire	Model	Total System Load	Report Number
OzLite LED23 Decorative Luminaire	SWOZ23	23W @250V, 0.952pf	LEDLab 216138

The OzLite LED23 luminaire has been tested by LEDLab for "Street Light Power for AEMO NEM Load Table", report number 216138 dated July 7<sup>th</sup> 2016 (tested without a Photo Cell installed – by others if required).

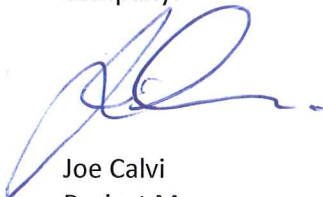

The OzLite LED23 luminaire has been tested and approved by TÜV Rheinland to SA/SNZ TS 1158.6:2015 and AS/NZS 60598.2.3:2015, report number 50046187 003 dated August 2<sup>nd</sup> 2016.

Luminaire is labelled internally and externally in accordance with the Standards.

Please find attached –

- LEDLab report for luminaire
- Letter of support from AusNet Services
- Brochure for the luminaire

Should you require further detail regarding this submission, please do not hesitate in contacting our company.
