Attention Michael Davies

Dear Mr Davies

Formal request for the Gerard Lighting Group to proceed with AEMO load table application

Energy Queensland (Energex and Ergon) would like the option of using the Gerard Lighting StreetLED3 Luminaires on their network for areas where LED Luminaires are required. We, therefore, are requesting the Gerard Lighting Group submit the appropriate data to AEMO to enable the following luminaires to be added to their load tables:

- 1) StreetLED3 17W Luminaire
- 2) StreetLED3 24W Luminaire

Please proceed with this application at your earliest convenience as this matter is urgent and please keep me up to date with progress on the application.

If you have any queries or require any further information then please contact myself on 4931 2280.

Yours sincerely
