Submission to include WE-EF Lighting VLR130 48LED 225mA Luminaires into the National Electricity Market Load Table

Dear David,

At the request of Transport Canberra and City Services, WE-EF submit this application to have the WE-EF luminaire VLR130 48LED 225mA series, Total Power Consumption 33.8W, included in the National Electricity Market Load Table.

Included in our submission are following documents for your consideration:

- Letter of Support from the Transport Canberra and City Services
- TUV Rheinland test report AU21MHNF 001 for the wattage of the luminaire
- Data Sheet for the product family

The VLR130 led luminaire family is specifically designed for use in both Australia and New Zealand markets and complies to relevant standards and specifications as outlined in AS/NZ 1158.6. All marking and labelling is as per AS/NZS 1158.

We trust the submission meets approval requirements. However, should there be any queries or if you require any further information, please do not hesitate to contact us.

Kind regards,

Stefan Kisser
Technical Manager
