Dear Mr Ripper

Letter of support for EWO luminaire onto the National Load Table

The Sunshine Coast Council has the desire to install the EWO F System XS LED luminaire on a range of projects within our council's region.

Council requests the following products are included on the National Electricity Market (NEM) load table through the Australian Energy Market Operator (AEMO).

Ewo code	Ewo listed wattage	Comments
F1 XS 400mA	21.1	All available optics including AS10-L and AS10-R
F2 XS 700mA	69.3	All available optics including AS10-L and AS10-R
F4 S 550mA	107	All available optics including AS10-L and AS10-R
F1 XS 200mA	11.8	All available optics including AS10-L and AS10-R

If you need any further support or information regarding this matter, please do not hesitate to contact me.

Regards

Yours sincerely
