Re: Submission to include the Streetworx "Ozlite LED12" decorative "P" category luminaire on the AMEO/NEM Load Tables.

David,

We take this opportunity to present our submission for the Streetworx "Ozlite LED12" decorative "P" category luminaire, to be included in the National Electrical Market Load Tables, in accordance with Clause 14 of the NEM Metrology procedure as defined in Part B.

The following are the details of the decorative luminaire being submitted-

Luminaire	Model	Total System Load	Report Number
Ozlite LED12 Decorative Luminaire	SWOZ12	11.51W @250V, 0.867pf	LEDLab 220915LCP

The Ozlite LED13 luminaire has been tested by LEDLab for "Street lighting for the AMEO NEM Load Table", report number 220915 dated 20th September 2022.

The Ozlite LED12 is the updated model to the Ozlite LED13 with additional improvements to photometric using lesser wattage.

Luminaire is labelled internally and external in accordance with the Standards.

Please find attached –
