1. Prior to the August 2020 reporting month, transfer statistics for the VIC jurisdiction are inclusive of new sites for second tier retailers; other state jurisdiction transfer statistics do not include new sites.

2. From the August 2020 reporting month onwards, new sites are excluded from monthly customer transfers; monthly customer transfers include basic and interval meters. These changes were agreed by the GRFC.

Note: Increase in VIC retail transfers for April 2021 is largely due to the surrender of Click Energy's retailer authorisation (<https://www.aer.gov.au/communication/aer-approves-click-energy%E2%80%99s-application-to-surrender-its-retailer-authorisations>)
