

Non-IT RMR Communications (WA Only) 5.4

Date Issued

10/02/2020

RMP ref	Procedure title	Description	Interface (All communications will be by unstructured email unless indicated differently below)
13	AEMO may lodge and accept notices on behalf of a self-contracting user	AEMO must lodge transfer requests, and accept aseXML notices on behalf of self-contracting users.	aseXML
15(4)	Identification of sub-networks, gas zones and gate point	A network operator may notify AEMO of a new sub-network. AEMO will verify the establishment of the new sub-network, and publish an updated Appendix 1 to participants, pipeline operators and prescribed persons.	
21A	FRC Hub Certification	AEMO determines whether a participant has satisfied the FRC Hub certification criteria.	
21B	Readiness Certification	AEMO determines if participant has satisfied readiness criteria, and if so, issues a readiness certificate.	
22	GBO identification	AEMO to issue a GBO to all participants and itself (A GBO is a unique code that will be used in the GRMS, e.g. AGL)	
23(7)	AEMO to provide bulk Market Operator standing data	AEMO may impose a rolling 30-calendar day limit on the number of bulk standing data requests that a participant may lodge.	

WA Information Pack

RMP ref	Procedure title	Description	Interface (All communications will be by unstructured email unless indicated differently below)
32(1)(a)(i)	Error correction notice (determining identity of previous users - transaction type REQPU)	If a current user becomes aware of an error or inaccuracy in standing data for a MIRN, the current user may contact AEMO for the identity of the previous user so that the current user may advise the previous user of the error. AEMO will provide a response in one business day - transaction type 'REQPU-RESP'.	Email to grmssupport.au@logicacmg.com and Subject Field: Unique Reference (eg. SAGAS_REQPU_GBOID_REMCO_YYYYM MDDHHMM); Contents: 1. MIRN; 2. MIRN Checksum; 3. GBO ID of user lodging request; and 4. Completion date of transfer (ccyy-mm-dd).
56(5)	Request for historical AEMO standing data	AEMO may impose a daily limit on the number of historical standing data requests that a participant may lodge.	
63	Allocating MIRNs to network operators	AEMO must, in consultation with the network operator, assign a range of MIRN's to a newly registered network operator.	Telephone, unstructured email
65(3)	MIRNs becoming commissioned for the first time	AEMO to forward notice to users that the network operator will provide standing data under <i>Rule</i> 65(2)(a)(i) (SA only).	
73(2)	AEMO to review MIRN discovery requests and explicit informed consents	Network operator provides the AEMO with a monthly report of MIRN discovery requests.	Email. Format to be agreed between the AEMO and the Network Operator
85(3)	If transfer request is valid	AEMO may, for the purpose of resolving any issue or dispute in relation to the transfer request, provide the incoming user with any information AEMO receives from the current user in relation to the transfer request.	Unstructured email (for non-aseXML messages received)

WA Information Pack

RMP ref	Procedure title	Description	Interface (All communications will be by unstructured email unless indicated differently below)
104(4)	Retailer of last resort scheme WA Only	If the AEMO is notified that the ROLR scheme is invoked, the Market Operator will notify each participant.	
139	AEMO to determine whether interval meters must be fitted at a basic meter site	AEMO to make an 'above 10TJ' determination where appropriate and notify the user of the determination.	
140	AEMO to determine whether a delivery point may be converted to a basic metered delivery point as a result of a reduction in gas usage.	AEMO to make a 'below 10TJ' determination where appropriate and notify the user of the determination.	
150	Meter reading activities by another entity	If a party other than the network operator is to undertake MDA duties, AEMO, the network operator and all affected participants must work co-operatively together to agree appropriate procedures and rule changes under the relevant laws and rules.	Telephone, unstructured email
175	Gate Point control systems	The pipeline operator must notify AEMO of the gate point control system that it proposes to operate for its pipeline.	
175(5)	Gate Point control systems (request shipper information from AEMO)	A pipeline operator may, for the purpose of consulting with shippers, request AEMO to provide the identity of shippers on both pipelines.	Pipeline operators should email any requests to: rmo@aemo.com.au
176(1)	Type of pipeline control system	AEMO notifies the pipeline operator of the profiles referred to in <i>Rule</i> 200.	
192(3)	If allocation instruction is invalid	AEMO notifies the ROLR administrator where the allocation method of last resort has been used to determine the user's allocation instruction.	
200	AEMO determines profiles	AEMO must make available its guidelines for determining profiles.	
239	Miscellaneous reconciliation amount	AEMO may determine a miscellaneous reconciliation amount in consultation with the network operator.	Telephone, unstructured email
244	AEMO notifies reconciliation and adjustment amounts	AEMO to notify information regarding AEMO's determination of a miscellaneous reconciliation amount.	

WA Information Pack

RMP ref	Procedure title	Description	Interface (All communications will be by unstructured email unless indicated differently below)
255(1)	Pipeline operator to inform of special circumstances (other pipelines)	A pipeline operator to provide a special circumstances notice to AEMO	The pipeline operators should email any notices to: wa255notice@aemo.com.au
255(2)	AEMO to inform of special circumstances (other pipelines)	After receiving information from a pipeline operator that the gas provided through the gate-point varies materially from the shippers requests for injections, AEMO must provide this information to each person who is required under clause 22(2) to have a GBO identification and status of the GBO identification is active	Unstructured email
277(1)	Subscription for information	A person may apply to AEMO to become a subscriber for a sub-network for a year	Formal letter
279	Swing service providers	AEMO may enter into a swing service provision umbrella deed ("SSPUD") with a swing service provider ("SSP") other than the SSPOLR.	Formal contract exchange (as per Appendix 7)
Chpt 6 (Different clauses for each state)	Disputes		Formal letter, written report, telephone, unstructured email
Chpt 7	Reporting and Audits		Formal letter, written reports, telephone, unstructured email
Chpt 8	Administration		Formal letter, telephone, unstructured email
Chpt 9	Rule change process		Formal letter, written reports, telephone, unstructured email

Note - The outcomes of any consultation will always be communicated in writing as a notice in accordance with RMP rule 12 or 12A. The references to the use of a telephone are to highlight that AEMO may use this medium when undertaking consultation with market participants.
