

1 March 2023

Notice to all Registered Victorian Declared Wholesale Gas Market Participants

This Notice is to advise Participants on AEMO's decision to:

- amend the User Guide to MIBB Reports

Amendments to the Technical Documents can be made by AEMO under the Wholesale Market Electronic Communication Procedures section 2.5(b) in the event the Technical Document change is a result of a Rule or Wholesale Market Procedure change.

Market Participants were consulted for the Rule and Procedure change processes which resulted in the changes to the User Guide by the:

- AEMC's [DWGM interim LNG storage measures](#) rule change.
- AEMO's [Implementation of the DWGM interim LNG storage measure rule change](#).

AEMO is amending the User Guide to MIBB Reports to facilitate the Prudential and Settlements MIBB reports for AEMO's LNG Reserve which are planned for release on 15 March 2023.

AEMO has approved the proposed amendments (Attachment A) of this Notice as required to implement the market systems changes.

The key provisions are summarised below:

User Guide to MIBB Reports

The amendments to the User Guide to MIBB Reports, which will be effective 15 March 2023, include:

- INT279 – Settlements AEMO LNG Reserve Allocation
- INT279a – Prudential AEMO LNG Reserve Allocation
- AEMO also made editorial amendments to remove all reports identified in version 14.1 for retirement between 1 Jan 2023 and 1 Feb 2023.

Attachment A – Documentation

Final versions of the User Guide to MIBB Reports showing tracked changes between the current and amended versions are attached separately to this document.
