CONSULTATION ON CHANGES TO THE TRANSPORTATION SERVICE POINT REGISTER (TSPR)

This notice is sent with respect to 3.2.4 of the Capacity Transfer and Auction Procedures (CTAP). AEMO is performing an *expedited* consultation on changes to the TSPR to publish data consistent to the CTAP section 24.2. Relevant *facility operators* and other interested stakeholders are invited to submit written comments on this proposal to AEMO by close of business Monday, 21st July 2025.

1. OVERVIEW OF CHANGES

AEMO proposes the following changes to the TSPR to publish data consistent with CTAP section 24.2 where there is:

- Information that relates a new receipt service point on the QGP: Mimas Mooga QGP.
- TSPR amended into a new document template.

2. REFERENCE DOCUMENTATION

Transportation Service Point Register

- See attached TSPR with track changes (note only Mimas Mooga QGP changes are tracked as the whole document format has changed).

3. MAGNITUDE OF THE CHANGES

The proposed amendments are non-material changes to current market operations. The changes require arrangement by AEMO for IT system updates.

4. PROPOSED TIMELINES

These changes will be implemented after the consultation is completed and AEMO will investigate if an amendment to the Gas Supply Hub Exchange Agreement is required. The exact timing of change is still yet to be determined. AEMO will notify the market once this becomes available.

5. CONSULTATION

All comments on these changes are to be sent to BBO@aemo.com.au by close of business Monday, 21st July 2025.
