## 1. Response to report questions.

### **Question 1: Do you have a preference between using the PIN and/or the MFIN One Way Notifications to notify participants of meter exchange dates? If so, which is your preference and why?**

We support the PIN transaction as a replacement – rather than the MFIN. It has come to our attention that other participants currently use the PIN transaction over the MXN or MFIN. We believe the use of PIN would avoid the confusion that is likely in using the MFIN for purposes other than reporting faults and issues.
