General Instructions

1. Please keep information in the clause numbers simple - eg no titles, comments etc. – put titles and text in the comment section.
2. Please use a individual row for each comment on any each clauses.
3. Old clauses only needed if there is no equivalent clause within the revised draft procedures.
4. If an obligation exists in another instrument please identify the instrument and clause to assist in including guidance notes.
5. Please only include comments either with suggested changes, issues or support. Please do not include 'No Comment'.
6. See example below (please note the “comments” are sample only, they bear no relevance to the proposed changes):

Participant Name	Old Clause No	New Clause No	Comments
	1.42(a)	2.15(a)	Service Order response Change response list from varchar(250) to an enumerated list
	1.42(a)	2.15(a)	Suggest add 'Other' as part of enumerated list and add free text to support other
		2.25(a)(ii)	Table 5 “Description of use” should be reworded to “Description of typical use”
		3.6(a)	The MDP SLP (c 3.5.2) requires the meter serial ID to be provided. Suggest the MeterSerialID be added to the transaction.
		3.6(a)	Ensure MeterserialID is the same field used in other procedures
		2.15	Ensure character length for MeterSerialID matches MSATS field length

General Feedback

SA Power Networks fully support the determination made regarding the implementation timeframe of these procedures (now November 2021), which was in line with the majority of industry feedback during the first round of consultation.

We expect this November 2021 timeframe to be confirmed as part of the final determination of these procedures.

SA Power Networks do not have any further comments to make with regards to the detailed changes.

2. Service Order Process.
