1. One Way Notification Process

Participant Name	Old Clause No	New Clause No	Comments
		4.2.2	Re. changes to Planned Interruption Notification Data: Service Order ID – ERM do not believe the benefits of introducing this field outweigh the implementation costs and consider the PIN to be fit for purpose without it.

Second Draft Report Question

Given a majority of respondents to the First Draft Report indicated a preference towards enhancement of the PIN to replace the MXN, drafting of it has been provided. With this drafting in mind, are there any further enhancements or changes to the PIN that you would suggest? If so, what?

Participant Name	Question No	Comments
