- National Electricity Amendment (Five Minute Settlement) Rule 2017 No. 15 (5MS).
- National Electricity Amendment (Reducing customers' switching times) Rule 2019 No. 14 (CS).

AEMO provides this template to assist stakeholders to submit written responses in respect of the Consolidation Proposal.

<p>2) What is the nature of any unintended consequences or errors in the consolidation?</p>																																																																																																																																								
<p>3) What are the alternative or additional proposals which you consider may better meet the objectives of the consolidation?</p>	<p>United Energy recommends that any future consolidation of procedures is done at the time a new consultation commences, i.e. when the Customer Switching consultation commenced it should've already included known changes for 5MS. This will ensure participants can see all changes concurrently thus eliminating confusion and uncertainty.</p>

	Another way to consolidate the procedures all at once is to highlight or use an asterisk and add an effective date for when certain obligations become effective.
4) Do you have any further questions or comments in relation to the consolidation?
