

Notice of call for submissions on Procedure Change Proposal

Clause 2.10.7 of the Wholesale Electricity Market Rules

Procedure Change Proposal No:	AEPC_2024_06
Name of WEM Procedure:	WEM Procedure: Supplementary Capacity
Date of this notice:	9 August 2024

This notice informs all Rule Participants and interested parties that AEMO has published a Procedure Change Proposal in respect of the WEM Procedure: Supplementary Capacity (**Procedure**). AEMO invites submissions on the Procedure Change Proposal.

This consultation is being conducted in accordance with the Procedure Change Process set out in section 2.10 of the Wholesale Electricity Market Rules (**WEM Rules**).

Matters under consultation

AEMO has initiated this Procedure Change Proposal to amend the Procedure following amendments to the WEM Rules¹ arising from a review by the Coordinator into potential improvements in the procurement and activation of supplementary capacity².

In response to the Amending Rules, gazetted on 26 July 2024, the amended Procedure will:

- no longer specify the method for determining the maximum contract value per hour of availability for any Supplementary Capacity Contract.
- align provisions relating to assessment of tenders with the Amended Rules, which now includes a new clause 4.24.8A.

AEMO considers the proposed changes in the amended Procedure are consistent with the WEM Rules, would better achieve Wholesale Market Objectives (a) and (d), and are consistent with all other objectives.

AEMO is seeking comment and feedback on:

- whether the proposed changes to the Procedure effectively implement AEMO’s intended outcomes and give effect to the Amending Rules.
- whether stakeholders believe there are any other relevant issues that have not been considered.
